

Dear Sir,

It is requested to relocate the Comm & Operations Bldg, and Security Control Bldg, including Parking Lot & Paved Road for the following reasons

1. According to original plan, Comm & Operations Bldg will be constructed on the huge crag and a part of Bldg foundation will be filled at least (5) foot and it is recommended to relocate (7) foot to the North-east & South-east which will be the most proper ground to construct Bldg.
2. It is estimated to fill more than (7) foot where Security Control Bldg will be built and is considered to relocate (20) foot to the East where there is solid ground and there will be no inconvenience for use of the building
3. Also it is estimated to fill the Parking area and Paved Road which is considered improper to construct it on filled area and is requested to relocate as well as Security Control Bldg is relocated
4. The undersigned submitted the relocated plan and it is cordially requested to approve this request, Under the
